Your membership helps make our work possible!

Generosity through membership donations helps us continue to serve every person who comes through our doors....regardless of his or her ability to pay.

Look at what membership donations have helped us accomplish over the past year:

- At the Clinic we have served 1001 clients, did 960 STD tests, 634 clinical breast exams and 209 mammograms. Not one person was turned away due to inability to pay.
- Our Women’s Health Outreach Program connected with over 2,000 women across our community and helped them access low- or no-cost annual health checks, breast exams and mammograms.
- Through our youth services programs, teens across the Southern Kenai Peninsula participated in activities to help them build skills to make healthy life choices and get connected with other positive youth resources in the community.

None of this was possible without compassion and commitment from individuals like you.

 Yes! I want to become a KBFPC Member and support access to quality reproductive health care and education in our community.
